## *The Influence of Globalization of Society on International of Higher Education in Ukraine and Poland*

**Hanna Pantsyрева**

### **Vinnitsia national agrarian university**

We are an innovative, forward-thinking university with high standards of teaching, research and support that sits at one of the Ukraine's most up and coming cities. We have strong links with industry and business, and work closely with some of the world's leading universities.

Our scientists represent the highest concentration of agrarian scientific expertise in the region and our research is ranked among the best in Ukraine and Europe. Today, Vinnitsa National Agrarian University places a great emphasis on international research cooperation which is increasingly seen as being at the centre of community policies.

Looking through our University structure will help you to get more useful facts about us.

Vinnitsia national agrarian university is the youngest institution of higher education in Vinnitsia region, however, it has quite a lot of achievements on the field of agrarian education and science.

On six faculties: agronomy, management, mechanization of agriculture, account and audit, finance and economics, livestock breeding faculty, in institutes and colleges of the university study about 15 000 students. Today it is a modern university center, as higher educational establishment of education is accredited to the IV level, has a right on

preparation of specialists of corresponding professional directions and specialties after such educationally-qualifying levels: junior specialist, bachelor, specialist, master's degree.

The university is fully manned by highly qualified teaching staff. The educational process is carried out by 450 teachers, among them doctors of science, professors - 52, candidates of science, associate professors - 212.

Annually about 20% of teachers promote qualification in Ukrainian educational establishments, scientific and productive establishments.

The university widely lights up achievements of science and advanced experience.

The students of university take part in the Allukrainian and International students' olympiads and take prize places.

Among graduating students are state workers and politicians, research workers, doctors of science, professors - all they are the pride of our university.
